FOREWORD

Oriental Research Institute and Manuscript Library is an Institution under the University of Kerala for the collection, preservation and publication of old palm leaf manuscripts and ancient works. There is now a collection of 38,000 codices in Sanskrit, Malayalam, Tamil and other languages. Additions are made by periodical collection from various parts of Kerala.

We are now publishing the third volume of the Alphabetical Index of Sanskrit Manuscripts in the Library. The first volume was published in 1957 and covered manuscripts in the alphabetical order A to NA (अ – ण). It contained information on 6079 works in Sanskrit. The second volume was published in 1965. It carried the work forward from Ta to Ma (त–म) and gave information on 14059 works. The present volume includes information on works form YA to ṢA (य-ष) numbering 19312. It is expected that a fourth volume containing entries from Sa to Ha (स–ह) and a supplement of works collected after the preparation of these volumes can be brought out within a short period. Then these volumes will give complete information on Sanskrit works in this institution. We have already started the preparation of descriptive catalogues of Sanskrit works. We might be able to bring forth the first volume just after the publication of the fourth volume of the alphabetical index. This we hope will open up a new field of research for indologists all over the world.

This volume was compiled by S. Muralidharan Nayar, Senior Research Officer. N. Parameswaran Nambiathiri and K. R. Subrahmania Sarma, retired research officers, have associated themsleves with the work during their tenure. I thank all of them for the valuable help they have rendered for the publication of this volume.

SCHEME OF THE WORK

The scheme of the work is almost similar to that followed in the Alphabetical Index of Sanskrit Manuscripts in the Government Oriental Manuscripts Library, Madras. Every effort has been made to give adequate information concerning each manuscript. In fact many details which are generally found only in the descriptive catalogues are incorporated in this Index.

The serial number in the first column shows the arrangement of the manuscripts in cataloguing and enables one to see the total number of manuscripts in our collection. In the next two columns the titles of the works with marks of identification in brackets such as व्याख्योपेता, केरलभाषोपेता etc. are given in the Sanskrit alphabetical order, in the Devanagari and Roman Scripts. The name of the author of the work or of the commentary or both are noted in the next column. Where the author or commentator is not known mere dots are given in the respective rows. The subject of the work is given in the 5th column. For clarity, the works have been classified under different Subjects such as Veda, Vedalakṣana, Āgama, Mantra, Upaniṣat, Tantra, Purāṇa, Itihāsa, Śrauta, Śrautaprayoga, Gṛhya, Gṛhyaprayoga, Dharma, Śānti, Māhātmya, Vrata, Bhakti, Śikṣā, Vyākaraṇa, Nirukta, Chandas, Jyotiṣa, Vaidya, Vedānta, Nyāya, Yoga, Mīmāmsā, Kāvya (Prākṛtā Kāvya, Campu Kāvya, Gadya Kāvya), Nāṭaka, Alañkāra, Nātyaśāstra, Kāmaśātra, Nīti, Śilpa, Gīta, Rasavāda, Kośa, Jainamata, Storta, Subhāṣita, Sāmudrika and Vividha.

In the next column the number of Granthas in each mauuscript is given. The Script, material and extent of the works are noted in the 7th column. We have in our collection manuscripts in various scripts-Devanāgari, Nandināgāri, Malayalam, Tamil, Telugu, Grantha, Canarese and Bengali. The material of the manuscript is either palm leaf or paper. There are many works which are incomplete, fragmentary or complete.

The remarks column gives details connected with the manuscript such as condition of the codex (whether old, worm-eaten or damaged), availability in other South Indian Libraries, date of copying the manuscript as found in the colophons etc, number of the work in the Desciptive Catalogue of Sankrit or Malayalam manuscripts in this Library where more details of the work can be referred to easily. In the last column the number affixed to each manuscript in our collection is given which enables one to take out the manuscript from the library shelves.
